

MME. YALE'S HAIR TONIC

For Children and Adults

ANTISEPTIC AND HYGIENIC

A Hair Invigorator—Just what its name implies. It supplies nourishment to the elements of growth which, when absorbed by the hair, strengthens and beautifies it in the same way that sap gives life to the forest trees. Even when the foliage appears seemingly dead, if the sap is introduced daily with Mme. Yale's Hair Tonic, vigorous growth will follow. It is a truly "vitalizing" tonic, its title of "the great hair grower." It stimulates the most sluggish growth and makes the most insipid hair healthy and lustrous.

Mme. Yale's Hair Tonic is prized equally by men and women, particularly when the hair begins to weaken or fade. Those suffering from loss of the hair, baldness, or thinning of the hair, will find relief. One application stops hair falling. A nursery requisite; no mother should neglect to use it. It has a tonic effect. When the hair is made strong by continued use, it remains proof against diseases and retains its vigor and luster.

Mme. Yale's Hair Tonic is a colorless, granular, odorless hair dressing; neither sticky, gritty nor greasy, makes the hair smooth, glossy, and lustrous. Contains no artificial colors, will not stain the white hair, restores original color by invigorating the scalp and establishing normal circulation, and proper nutrition of the hair follicles. Special hair tonic. It claims the greatest completeness and safety. Any one can secure it by using **Mme. Yale's Hair Tonic**, in two sizes, 100 size for children, 200 size for adults.

Madame Yale's ASSISTANT

Here All This Week.

Mme. Yale's New York demonstrator will remain here all this week in the Yale Section of our Toilet Goods Department, main floor, where she will explain to the trade all about the preparations made by Mme. Yale for the different articles so that ladies can find among the list just what they need. Ladies may call on Mme. Yale's assistant with our charge, the young lady will assist you in the proper selection of the remedies needed.

Ask for a free copy of Mme. Yale's pamphlet, "How to Use Toilet Goods," Government given away free. Also mailed to those living out of town. Write for a copy.

We are Madame Yale's St. Louis agents, and have permanently placed her entire line in our Toilet Goods section, where ladies can at all times obtain any of these well-known preparations. We sell the entire line at special cut prices.

WAITS 49 YEARS FOR HIS WAGES AS SOLDIER.

Under Special Appropriation by State of Oregon Old Pioneer Gets \$32 for Fighting Indians.

PORTLAND, Wash., June 10.—John R. Taylor, an old pioneer of Whitman County, has received a check for \$32 from the State of Oregon for services rendered forty-nine years ago fighting Indians. Mr. Taylor, with his regiment, served six months and a half and received from the United States \$2 a month when discharged on May 16, 1856.

We are the Oregon Pioneers and are still waiting to pay these veterans their stipend, but the amount was not sufficient to compensate them all, and the last legislation made no appropriation, and Mr. Taylor is asking his share after waiting forty-nine years, and he is unremitted. He has 100,000 acres of land, and is a generous and upright citizen of the state. He is a true pioneer of Oregon, and one of the services rendered to the state.

Mr. Taylor, 70, is a member of the First Congregational Church at Wallula, and as he is locally known here as "the old man of the valley," he is looking forward to the day when he will receive his pension.

What is your method?" he was asked.

"I have no method. I paint things as I see them. I don't mix my paints any special way except I try to mix them with brains."

FOREIGNERS ARE VISITING EAST

New York Hotel Men Are at a Loss to Account for the Summer Invasion of Distinguished Guests From Abroad.

REPUBLIC SPECIAL.

New York, June 10.—For the first time in history New York City is receiving recognition for the thousands of citizens who travel abroad each spring on pleasure and money spending bent. Never before has such an influx of foreigners been noted at this time of the year. There is hardly a hotel lobby where one may not hear several foreign languages nor a restaurant which bears names less than four or five nationalities. If New York were holding an international exposition she could hardly hope for a larger number of foreign visitors.

Hotel men are at a loss to account for the invasion. This is, of course, the season of the annual visits of business men from Europe, South America, and South Africa. The foreigner, however, is the dining room for visitors to interpret for us. With our own countrymen, so far as we know, there is no loss.

The feature of the foreign invasion is the large number of Frenchmen. The poor French have not been given much credit for their traveling in American cities, but the foreign invasion seems to be breaking down.

Local experts say that the present social condition of France is responsible for the large number of French tourists.

It is possible that a reflection of the social condition between the English and French is responsible for being felt in these waters. Whatever the reason, the invasion is heavy in the New York restaurants more than it ever was before.

While there are some spots where the worm is doing great damage all over the western end of the State. Farmers are employing all methods to eradicate this pest, but despite the efforts of the State, the worm is increasing every day. Fresh myriads appear, hatched from eggs injected into branches last year.

MAST FALL KILLS BOY TAR.

Plucky Youth's Skull Is Crushed on Schoolship St. Mary's.

REPUBLIC SPECIAL.

New York, June 10.—Falling from the mezzanine of the schoolship St. Mary's at New London, Frank Zur Nieden, son of Jacob Zur Nieden of Williamson, N. Y., was instantly killed. The boy had gone along with other apprentices of the ship to make ready for the annual cruise, but in some manner he lost his footing. His skull was crushed by his fall to the deck.

Captain G. C. Hanus, commanding the ship, called the crew to quarters, and while the boys stood at attention, the captain read the following telegram below:

A telegram was sent to Governor Hospital, but the man was dead when Doctor Henderson arrived. The physician, after examining the body, said the man must surely have died of starvation in a short time had he not been killed. He had remarked to the man near whom he worked that he had not tasted food for two days.

On a bicycle tour of All States, Stamford, Conn., June 10.—C. Murphy, 25 years old, and C. N. Darling, 20, of Jackson, Mich., arrived in Stamford on bicycles. They say they are on a wager to ride in every State in the Union and return to Michigan in eighteen months.
